Educational Leadership and Human Development

Christopher Rybak, Chair

Administration Programs

The Department of Educational Leadership and Human Development offers two administration programs leading to the Master of Arts degree: leadership in educational administration and leadership in human service administration. The programs develop qualities associated with leadership and informed decision making through coursework that engages students in “making the connections” that are fundamental to success as an administrator. Coursework focuses on establishing connections between theory and practice, and culminates in a supervised field experience.

Leadership in Educational Administration Master’s Degree Program

Accredited by the National Council for the Accreditation of Teacher Education (NCATE) and the Educational Leadership Constituent Council (ELCC).

The Leadership in Educational Administration Program is a 36-hour program accredited by NCATE, approved by the Illinois State Board of Education, and satisfying requirements for a Type 75 certificate with the general administrative endorsement necessary for entry level school administrators. The ISBE certification requirements include a teaching certificate and two years of teaching experience.

Students in the Leadership in Educational Administration Program are required to complete a total of 250 field experience hours in a school setting. The first 50 hours are completed prior to enrolling in ELH 686 Field Experiences in Educational Administration, which is a capstone course. The first 50 hours include observation of a recognized social justice school leader, observation of special education meetings, and participation on the school improvement committee in a school. The remaining 200 hours are completed during ELH 686 and involve assuming a leadership role in two projects, assigned projects from each of the six Illinois Standards for School Leaders, and participation in four on-campus seminars.
In addition, the department offers a Type 75 certification program sequence for a person with a master’s degree who wishes to obtain a Type 75 certificate with the general administrative endorsement. The number of hours required will normally vary from 18 to 30, depending upon how the educational background of the student fulfills requirements of the college core and the other required courses. Upon receipt of an application, each student’s transcript is evaluated and required courses established. Students applying for the Type 75 Certificate program are required to follow the same application procedures as degree-seeking students. With the exception of reduced coursework, Type 75 students have the same program requirements as students in the master’s program, including dispositions review and the comprehensive portfolio and presentation.

For unconditional admission to the program, a student must have an undergraduate overall and cumulative major grade point average of 3.0 or higher on a 4.0 scale. Conditional admission requires an undergraduate overall cumulative grade point average of 2.75 or higher.

In addition to the GPA requirement, the screening process requires three letters of recommendation that address leadership, ethical behaviors, and professional competencies. One letter of recommendation must be written by a current supervisor. Students are required to write a two-page minimum essay addressing the essay questions required by the Graduate School, and also addressing the candidate’s leadership experiences, qualifications, and ethical considerations of leadership.

### Post-Masters Certification in Educational Administration

Post-Masters Certification in Educational Administration is designed for students who have a master’s degree in education or an education-related field who wish to become certified school administrators in Illinois. Applicants who hold a master’s degree in any field other than Educational Administration and who are seeking to earn the Type 75 certificate to be a school administrator in the State of Illinois are required to complete the equivalent of thirty (30) semester hours of graduate credit in a specified course of study in Educational Administration as prescribed by the State of Illinois. Bradley University has provided this opportunity for many years to students holding a master’s degree in another area.

The Type 75 Certificate Program provides a service to the profession of educational administration and to Bradley University because it satisfies the current demand to train principals brought on by the high numbers of administrators retiring. In addition, students benefit by having the opportunity to fulfill the requirements for a Type 75 without taking on a new master’s program. The Type 75 Certificate is an endorsement in Educational Administration and is required to be a principal or administrator (other than superintendent) in Illinois schools. The number of graduate hours needed varies depending upon the masters program completed by the student and typically ranges from 18-30 graduate hours. The Illinois State Board of Education requirements for an Illinois Type 75 Certificate include graduate coursework that is divided into four categories: instructional leadership, management of public schools, school and public policy, and clinical experience. In addition to a master’s degree and specific graduate course work, candidates for the Illinois Type 75 Certificate are also required to have two years of full-time teaching experience or school service personnel experience and successful completion of the required State of Illinois certification examinations.

### Curriculum

Students follow a course sequence similar to master’s degree-seeking Educational Leadership students with the exception of coursework requirements already satisfied. Upon transcript evaluation of the previous masters degree in another area, students follow the same courses as master’s level students.

Application and Screening Interview Procedures for Post-Masters Certification (Type 75) in Educational Leadership and Human Development (ELH)

1. Prospective candidates for certification must formally apply to the Post-Masters Certification in Educational Administration Certificate Program. Application materials for each candidate shall consist of:
   • Bradley Application for Graduate Admission
   • two essays
   • three letters of recommendation
   • copies of official transcripts from previous undergraduate and graduate work
   • application fee

Note: The requirement to take either the MAT or GRE is waived.

2. Upon receipt and review of admission materials by Bradley Educational Administration (EDA) Faculty, all applicants are considered by EDA faculty for consensus admittance into the Type 75 Certificate program. Upon faculty consensus for admission, applicants will be notified of their acceptance by letter. If there is no consensus for acceptance, applicants will be sent a letter outlining faculty concerns and requiring the applicant to interview with EDA faculty to address identified concerns. Following the screening interview, applicants will be notified by letter of the final disposition of their application.

3. Upon successful application and screening, applicants must complete a plan of study based upon a transcript review and then complete identified deficit coursework and experience.

4. In all cases, submission of materials does not guarantee acceptance into any program offered by the Department of ELH, nor does such submission guarantee interim certification approval and signature by appropriate College officers.

Policy for Dated Coursework

All graduate coursework must have been completed within five (5) years of the date on the application for the certificate program. Applicants with degrees and/or coursework older than five (5) years must submit evidence of appropriate continuing education and/or training in education or a related field. Eligibility for post-masters certification using these criteria will be decided on a case-by-case basis by Bradley Educational Leadership faculty. Submission of these materials does not guarantee admittance into the post-masters Educational Administration Type 75 Certification program.

Transfer Credits

Post graduate students seeking the Type 75 Certification only may transfer up to twelve (12) semester hours towards school administrator certification. Post graduate students seeking the Type 75 Certification must complete a minimum of 18 specific graduate credit hours in the post-master's Type 75 Certification program offered at Bradley University by the ELH Department. Determination of the total number of hours needed to secure the Type 75 Certification will be determined by EDA Faculty based upon the official transcripts submitted by the post graduate student.

In determining the final disposition of the transferable graduate credits, EDA Faculty reserve the right to require the post graduate student to submit course syllabi and course descriptions from the college catalog in place when the first graduate degree was awarded. Department of ELH faculty will evaluate these materials to determine equivalency with the Bradley University Department of ELH Educational Administration Program, in addition to applicable ISBE requirements.

Retention Procedures for Certification-Only Students

Certification-only students are held to the same retention criteria and procedures as degree-seeking students. Students must complete a plan of study with an advisor, which must be approved by the advisor and ELH Department chair.

In all cases, submission of materials does not guarantee acceptance into any program offered by the Department of ELH.

Financial Eligibility

Students accepted unconditionally into the Type 75 Certificate program in the Department of Educational Leadership and Human Development shall be eligible for the Educators Scholarship offered through and administered by the Graduate School.
Leadership in Human Service Administration Master's Degree Program

The courses in this program provide a human development foundation and integrate a human relations orientation with conceptual and technical skills required for effective administration in a variety of human service organizations.

For unconditional admission to the program, a student must have an undergraduate overall and cumulative major grade point average of 3.0 or higher on a 4.0 scale. Conditional admission requires an undergraduate overall cumulative grade point average of 2.75 or higher.

In addition to the GPA requirement, the screening process requires three letters of recommendation that address leadership, ethical behaviors, and professional competencies. One letter of recommendation must be written by a current supervisor.

Human Development Counseling

Accredited by the Council for Accreditation of Counseling and Related Educational Programs (CACREP) and the National Council for the Accreditation of Teacher Education (NCATE).

The human development counseling program is designed to prepare students for positions as counselors in a variety of settings. The counselor education faculty believes that the work of the professional counselor is to promote the positive growth and development of the clients with whom the counselor interacts.

The human development counseling model for preparing counselors recognizes the profound interactive effect of people and human systems. We believe there is a need for social science translators—people who are in touch with the best in theory and research—who can translate this knowledge into effective programs, and who can evaluate these programs. Because we believe that counselors should experience personal growth and development as persons and as professionals, all courses are designed to provide both cognitive and experiential learning.

The program utilizes a Screening and Retention Policy to assist in determining the suitability of an individual for a career in counseling, as well as to monitor progress through the program. A detailed description of the Screening and Retention Policy and procedures is available in the Human Development Counseling Handbook. Continuance in the program is reviewed if at any time a student fails to demonstrate appropriate professional behaviors; or other circumstances occur which would make an HDC degree candidate uncertifiable as a professional counselor.

Areas of specialization are offered in community and agency counseling and school counseling (NCATE accredited and ISBE approved). The program prepares the student to sit for the exam for certification as a National Certified Counselor or for Illinois Type 73 certification in school guidance and personnel services. Both areas are CACREP accredited. In addition, courses of continuing professional education are offered to practicing counselors who wish to increase competencies to meet emerging needs of the profession.

Program of Study

The program in human development counseling requires 51 semester hours of graduate work at the master’s level for completion. The program consists of a graduate core of nine semester hours and a program core of 30 semester hours of study required of all candidates. In addition, students take an additional 12 semester hours of specialty area
course work that may, in concert with the internship and practicum work required in the core program, permit them to develop a specialty area consistent with plans for future employment. Areas of study include, but are not limited to, school counseling and community and agency counseling. All students should consult with their advisor to determine specific courses that will meet their professional goals.
