Department of Family and Consumer Sciences

FACULTY Professors Collins (chair), Davidson; Associate Professor Choi; Assistant Professor Brandes, Devlin; Instructor Church.

The Department of Family and Consumer Sciences offers majors in retail merchandising; foods, nutrition, and dietetics; and family and consumer sciences education. Students may also choose to major in general family and consumer sciences, which allows flexibility.

Career opportunities continue to expand in this fast-growing field. Careers in teaching, family and consumer sciences related business, social welfare, nutrition and dietetics, family and consumer sciences extension, and fashion and retail merchandising can all result from degree programs in the Department of Family and Consumer Sciences.

Departmental Requirements

All family and consumer sciences students must meet the following family and consumer sciences core requirements listed below and professional work experience, as well as the required courses for their chosen major. Students must take a minimum of 38 hours in FCS courses.

Family and Consumer Sciences Core
FCS 140 Introduction to Family & Consumer Sciences...2
FCS 246 Family Systems and Applications...............3
FCS 300 Consumer Issues in America.....................3
FCS elective to be chosen from the following:
  FCS 341 Human Development through the Lifespan
  FCS 342 Child Development Laboratory
  FCS 440 Family Relations................................3
FCS 400 Senior Seminar in Family & Consumer Sciences 1
  ___________________________  
Total 12

Required Professional Work Experience:
FCS 461 Practicum in Foods and Nutrition...............3
(required for FCSF) ................................................
FCS 460 Family and Consumer Sciences Internship
  (required for FCSF) ............................................3
FCS 461 Practicum in Foods & Nutrition (required for
  FCSD)...........................................................3
EHS 301 Cooperative Education............................3
ETE 499 Student Teaching in the Secondary School
  (required for FCST) ...........................................10-13

Major Requirements

Foods, Nutrition and Dietetics

Careers in health care, community and public health, wellness, foods science, foodservice, product development, food marketing, communication, and business consulting offer many diverse opportunities for graduates in this major. The two concentrations within this major are: 1) Dietetics and 2) Foods and Nutrition.

Students choosing the dietetic concentration will be enrolled in the didactic program in dietetics (DPD). The DPD at Bradley University is currently granted approval status by the Commission on Accreditation for Dietetic Education (CADE) of the American Dietetic Association, 2005-2006 UNDERGRADUATE CATALOG

120 Riverside Plaza, Chicago, IL 60606-6995, 312/899-5400. CADE is currently recognized by the Council on Higher Education Accreditation (CHEA) and the United States Department of Education (USDE). Upon graduation, dietetic students will have met the requirements to apply for a dietetic internship leading to the opportunity to sit for the Registered Dietitian Examination to become an RD.

The Foods and Nutrition concentration offers a flexible professional program for the pursuit of entry level careers in foods and nutrition. Students completing the Foods and Nutrition concentration will not be eligible to pursue dietetic internships and RD certification.

Dietetic Concentration

University Requirements

Candidates for all baccalaureate degrees must complete requirements in general education. Within the Math; Cultural Diversity and Social Forces; and Science categories, students in this major should choose the following:

MTH 111 Elementary Statistics ...............................3
ECO 100 Introduction to Economics........................3
PSY 104 Principles of Psychology ...........................3
CHM 100 Fundamentals of General Chemistry ............3
CHM 101 Fundamentals of General Chemistry Lab......1
BIO 121 Life Science 1.......................................3

Family and Consumer Sciences Core ........................12
(See catalog, page 127 for complete listing of FCS core)

Required Professional Work Experience

FCS 461 Practicum in Foods and Nutrition...............3

Additional Required FCS Courses ..........................34
(must earn C or better in each of these courses)
FCS 104 Introductory Food Principles....................4
FCS 220 Consumer Issues in Health Care................3
FCS 303 Nutrition.............................................3
FCS 306 Community Nutrition..............................3
FCS 307 Lifecycle Nutrition................................3
FCS 309 Investigation of Food Topics...................3
FCS 405 Food Service Systems............................3
FCS 407 Nutritional Assessment............................2
FCS 408 Management in Food Service....................3
FCS 410 Advanced Nutrition...............................4
FCS 411 Medical Nutrition Therapy........................4

Required Supporting Courses ...............................27-30
CHM 151 Fundamentals of Organic Chemistry ..........2
CHM 152 Fundamentals of Biochemistry...............2
CHM 153 Organic-Biochemistry Lab......................1
BIO 200 Human Anatomy and Physiology.................3
BIO 202 Microbiology and Immunology.................4
BIO 203 Human Anatomy and Physiology Lab..........2
BIO 205 Pathophysiology..................................3
BMA 352 Management and Organization Theory........3
or PSY 310 Industrial and Organizational Psychology
MTG 315 Principles of Marketing........................3
1 3-hour course Learning Theory.........................3

Suggest: FCS 341 Human Development through the
  Lifespan or PSY 302 Psychology of Learning or
  PSY 304 Developmental Psychology

CHM 391 Medical Terminology.............................1

* Prerequisites for PSY 310 are PSY 103 and PSY 205
  orequivalent, which may increase the total hours of
  required supporting courses.

Required Certificate

Certificate in Food Service Sanitation by State of Illinois;
  to be completed before enrolling in FCS 408
Foods and Nutrition Concentration

University Requirements
Candidates for all baccalaureate degrees must complete requirements in general education. Within the Math; Cultural Diversity and Social Forces; and Science Categories, students in this major should choose the following:

MTH 111 Elementary Statistics .................................. 3
ECO 100 Introduction to Economics or ECO 221 Principles of Microeconomics .................. 3
PSY 104 Principles of Psychology ................................ 3
BIO 121 Life Science I................................................. 3

FCS 408 Management in Food Service ......................... 3
FCS 410 * Advanced Nutrition ................................... 4
FCS 411 * Medical Nutrition Therapy ......................... 4

* Some courses require prerequisites which will add additional hours.

Required Supporting Course ................................. 3
BIO 200 Human Anatomy and Physiology ................... 3

Required Certificate
Certificate in Food Service Sanitation by State of Illinois; to be completed before enrolling in FCS 408

Required Minor ...................................................... 12-23

The student choosing a concentration in Foods and Nutrition is allowed sufficient curriculum flexibility to specialize in a particular area of interest including public and community nutrition, nutrition and wellness, or foodservice management. Guided by the interest of the student, a minor to support the student’s career goals will be incorporated into the degree plan. Depending on the minor chosen, 12-23 hours of minor coursework will be required.

General Family and Consumer Sciences

This flexible curriculum is designed for students who have interest areas in family and consumer sciences other than specific majors offered by the department at Bradley University. Examples of interest areas include foods, nutrition, apparel, textiles, living environments, child development and family relationships, or careers in cooperative extension services would be appropriate for this major choice.

The major requires a minimum of 38 Family and Consumer Sciences hours, including the Family and Consumer Sciences core.

University Requirements
Candidates for all baccalaureate degrees must complete requirements in General Education. Within the Cultural Diversity and Social Forces General Education category, students in this major should choose the following:

ECO 100 Introduction to Economics or ECO 221 Principles of Microeconomics .................. 3
PSY 104 Principles of Psychology ................................ 3

Family and Consumer Sciences Core .................... 12

Required Professional Work Experience
Choose one of the following:
FCS 460 Family and Consumer Sciences Internship .......... 3
FCS 461 Practicum in Foods and Nutrition .................. 3
EHS 301 Cooperative Education Internship .................. 0-3

Additional Required FCS courses

I. Foods and Nutrition (choose at least two)
FCS 104 Introductory Food Principles ............................ 4
FCS 203 Health, Safety and Nutrition ......................... 3
FCS 302 Sports Nutrition ............................................. 3
FCS 303 Nutrition ...................................................... 3
FCS 304 Lifecycle Nutrition ......................................... 3
FCS 306 Community Nutrition ..................................... 3
FCS 309 Investigation of Food Topics ......................... 3
FCS 405 Food Service Systems .................................... 3
FCS 406 Issues and Trends in Foods and Nutrition .......... 3
FCS 407 Nutritional Assessment ................................... 2
FCS 408 Management in Food Service ......................... 3
FCS 410 Advanced Nutrition ....................................... 4
FCS 411 Medical Nutrition Therapy ............................. 4

II. Clothing and Textiles (choose at least two)
FCS 130 Clothing in Contemporary Society ................... 3
FCS 133 Apparel Production and Analysis ...................... 3
FCS 231 Pattern Making ............................................. 3
FCS 233 Consumer Textiles ......................................... 3
FCS 330 Fashion Merchandising ................................. 3
FCS 331 Fashion Merchandising Laboratory ..................... 1
FCS 332 Advanced Clothing Construction .................... 3
FCS 333 Advanced Textiles ......................................... 3
FCS 334 Visual Merchandising and Promotion ............... 3
FCS 338 International Fashion Merchandising ............... 3
FCS 433 Issues and Trends in Apparel and Textiles .......... 3
FCS 438 Global Trends in Apparel and Textiles ............... 3
FCS 536 World of Fashion ......................................... 3

III. Human Ecology (choose at least two)
FCS 220 Consumer Issues in Health Care ...................... 3
**FCS 300 Consumer Issues in America ....................... 3
FCS 357 Housing and Interior Design ......................... 3
FCS 359 Applied Projects in Interior Design ................. 3

BRADLEY UNIVERSITY
IV. Child/Family (choose at least two)

**FCS 246 Family Systems and Applications ...................... 3
FCS 307 Lifecycle Nutrition ........................................3
FCS 341 Human Development Through the Lifespan ..............3
FCS 342 Child Development Laboratory ............................3
FCS 440 Family Relations (choice within core) ..................3

Total FCS hours for the major ........................................38
(minimum will depend on choice of work experience)

Some courses require prerequisites that will add additional hours.

**FCS Core Requirement

Family and Consumer Sciences Education

Students who choose the family and consumer sciences education program (FCST) can meet Illinois certification requirements for teaching family and consumer sciences in junior and senior high schools. Graduates receiving certification have found employment in public schools throughout the United States.

All students must complete the family and consumer sciences core. Student teaching (ETE 499) fulfills the professional work experience requirement. As in any good program, revisions are being made continually; students should consult the Department of Teacher Education chair about current program requirements. Secondary education teacher candidates should refer to the teacher education department for requirements in professional education courses for secondary education. Candidates will have an advisor in both Family and Consumer Sciences and in the Department of Teacher Education.

FCST Foundational Requirements

These courses are required for all secondary education majors in family and consumer sciences.

**FCS 140 Introduction to Family & Consumer Sciences .......2
**FCS 246 Family Systems and Applications ...................... 3
**FCS 300 Consumer Issues in America ............................3
**FCS 341 Human Development Through the Lifespan ...........3
FCS 342 Child Development Laboratory ............................3
FCS 440 Family Relations ............................................3
**FCS 400 Sr. Seminar in Family & Consumer Sciences .......1

Total .................................................................18

A minimum of 38 semester hours in family and consumer sciences, including the family and consumer sciences core, is required for all family and consumer sciences majors. Students should choose courses in the following concentrations:

Nutrition, and Wellness and Hospitality

FCS 104 Introductory Food Principles ..............................4
FCS 203 Health, Safety, and Nutrition or
FCS 303 Nutrition ....................................................3
FCS 309 Investigation of Food Topics ...............................3
FCS 405 Food Service Systems or FCS 408
Management in Food Service .......................................3

Total .................................................................13

Apparel and Textiles

FCS 130 Clothing and Human Behavior ............................3
FCS 133 Apparel Product Analysis ................................3
FCS 233 Consumer Textiles ........................................3
FCS 231 Pattern Making (3); or FCS 332 Advanced
Clothing Construction (3); or FCS 330 Fashion
Merchandising (3) and FCS 331 Fashion Show
Production (1) ................................................................3 or 4

Total .................................................................12 or 13

Living Environments

FCS 233 Consumer Textiles ............................................3
**FCS 246 Family Systems and Applications ......................3
**FCS 300 Consumer Issues in America ............................3
FCS 357 Housing and Interior Design ...............................3

Total .................................................................12

Retail Merchandising

Graduates in this area are prepared for careers in merchandising, sales, operations, buying, and other related areas in the retail fashion industry. A minor in business management or marketing is required for this major.

University Requirements

Candidates for all baccalaureate degrees must complete requirements in General Education. Within the Math; Cultural Diversity and Social Forces; and Sciences categories, students in this major should choose the following courses:

CHM 100 Fundamentals in General Chemistry ..................4
ECO 100 or ECO 221 ....................................................3
MTH 111 Elementary Statistics ......................................3
PSY 104 Principles of Psychology ....................................3

Students must complete a minimum of 38 hours in FCS courses.

Family and Consumer Sciences Core ...............................12

Required Professional Work Experience

FCS 460 Family & Consumer Sciences Internship ................3

Additional Required FCS Courses ..................................28
(must earn C or better in each of these courses)
FCS 130 Clothing and Human Behavior ............................3
FCS 133 Apparel Production and Analysis ........................3
FCS 233 Consumer Textiles ........................................3
FCS 330 Fashion Merchandising .....................................3
FCS 331 Merchandising Lab ..........................................1
FCS 333 Advanced Textiles .........................................3
FCS 334 Visual Merchandising and Promotions ..................3
FCS 336 History of Fashion .........................................3
FCS 438 Global Issues of Textile and Apparel .................3
FCS elective (FCS 338 or 357) .......................................3

Required Supporting Courses ....................................... 6
ART 227 Basic Graphic Design ......................................3
MTG 381 Integrated Marketing Communications or
COM 220 Advertising as Communication .....................3

Required Minor: Option I or Option II

Option 1 ......................................................................15
A management minor described in this catalog under
the Business Management and Administration
Department, Foster College of Business Administration.

2005-2006 UNDERGRADUATE CATALOG
Option II ................................................................. 15
A marketing minor described in this catalog under the
Marketing Department Foster College of Business
Administration.

International Concentration
Family and consumer sciences majors may wish to elect
this option with careful consultation with an academic
advisor. Students who elect this emphasis must complete
eighteen hours fulfilled in the following manner.

CATEGORY A:
Six credit hours chosen from the following courses:
FCS 338 International Fashion Merchandising .............. 3
FCS 406 Issues and Trends in Foods and Nutrition .......... 1-3
FCS 433 Trends in International Textiles ....................... 3
FCS 401/402 or 585 Independent Readings,
Independent Problems, or Topics in Family and
Consumer Sciences with an international focus ......... 1-6

CATEGORY B:
Six credit hours chosen from the following courses:
MTG 346 International Marketing ............................. 3
IB 306 Introduction to International Business ............. 2
IB 400 Topics in International Business ...................... 1-4

or

Two courses chosen from a minor in area studies
with an international focus such as Asian studies
or Russian and East European studies. This would
include any two courses from the required or
 elective course list, consisting of courses in history,
international studies, religious studies, sociology, art,
and Japanese, for example.

CATEGORY C:
Six credit hours taken outside the United States, which
could include the Bradley European Summer Semester
Abroad, a full semester spent in another country, or two
interim courses spent in other countries. (Only Bradley-
directed hours count for residence hours.)

or

Any two semesters of foreign language courses (not used
for any other requirement in this concentration) taken
for credit.

Family and Consumer Sciences
Minor
The minor in family and consumer sciences enhances
other career options, provides career flexibility, and
enhances personal knowledge.

This minor will allow students to choose courses
within:
- General Family and Consumer Sciences
- Foods, Nutrition, and Dietetics
- Apparel and Textiles/Interior Design
- Child Development/Family Relationships

Transfer policies for minors are the same as for family
and consumer sciences majors. Prior approval of transfer
credit must be secured from the chair of Family and
Consumer Sciences.

The requirements for a minor in family and consumer
 sciences are:
1. A minimum of 17 semester hours in family and
consumer sciences as specified below.
2. Complete FCS 140, Introduction to Family and
Consumer Sciences (2 hrs.) and FCS 300 Consumer
Issues In America (3 hrs.)
3. At least nine of the remaining 12 semester hours
must be in Family and Consumer Sciences courses above
the 100 level.
4. No fewer than six of the remaining 12 semester hours
must be in Family and Consumer Sciences courses at
the 300 level or above.

Course Descriptions
FCS 104 Introductory Food Principles 4 hrs.
Scientific principles of food preparation and selection.
Laboratory experiences demonstrate theoretical concepts.

FCS 130 Clothing and Human Behavior 3 hrs.
Interdisciplinary study of cultural, social, psychological,
economic, and aesthetic relationship of clothing to
today’s society.

FCS 133 Apparel Product and Analysis 3 hrs.
Study of apparel production, including apparel
components, structure, quality, and serviceability.
Includes laboratory.

FCS 140 Introduction to Family and Consumer
Sciences 2 hrs.
Family and consumer sciences professions, history,
philosophy, theory and foundations.

FCS 203 Health, Safety, and Nutrition 3 hrs.
Personal health of PreK-12 learners, including nutrition
and safety issues. Meeting health needs of learners in
group settings. Healthy lifestyle, preventive health, and
community health.

FCS 220 Consumer Issues in Health Care 3 hrs.
Possible care obtained, level of health care, and how to
access care for persons from birth to death. Cross listed as
HS 220. Prerequisite: HS 110 or consent of a cross-listed
Department Chair (PT, FCS).

FCS 231 Pattern Making 3 hrs.
Principles of flat pattern method; pattern alteration;
original pattern design; completed garment. Prerequisite:
FCS 133 or consent of instructor.

FCS 233 Consumer Textiles 3 hrs.
Consumer-oriented study of textiles emphasizing fibers,
yarns, fabric constructions, and finishes. Two hours of
lecture and two hours of laboratory per week.

FCS 246 Family Systems and Applications 3 hrs.
Study of family systems and management theory with
application of concepts in the near environment of family
and consumer. Prerequisites: FCS 140.

FCS 300 Consumer Issues in America (Gen. Ed. SF)
3 hrs.
Personal finance, consumer credit, durable and non-
durable goods and services, and consumer protection in
the marketplace.

FCS 301 Nutrition Today (Gen. Ed. TS) 3 hrs.
Problem-based learning approach to examine current issues
and nutritional practices through exploration of underlying
biochemical and physiological principles; formulation of
personal diet and wellness plans. Prerequisites: jr./sr. stand-
ing; one college-level science course. Not open to students
who have taken FCS 203 or 303.

<td>Medical Nutrition Therapy</td>
<td>4 hrs.</td>
<td>Dietary modification for specific disease states, treatment modalities, and drug interactions; emphasis on biochemical and pathophysiological rationale. Prerequisite: FCS 410; BIO 205.</td>
</tr>
<tr>
<td>FCS 433</td>
<td>Issues and Trends in Apparel &amp; Textiles</td>
<td>3 hrs.</td>
<td>Topics of special interest which may vary each time course is offered. Topic stated in current Schedule of Classes. Course may be repeated for a maximum of 6 hours credit. Prerequisite: FCS 130 or 233 or consent of instructor.</td>
</tr>
</tbody>
</table>
FCS 438  Global Issues in Textiles and Apparel  3 hrs.
Evaluation of key issues facing textile and apparel business in global markets considering ethical, economic, political, and professional implications. Theoretical foundations of global sourcing. Prerequisites: ECO 100; FCS 133, 233, 300.

FCS 440  Family Relations  3 hrs.
Emphasis on man-woman relationship, marriage, and family interactions and reactions.

FCS 460  Family & Consumer Sciences Internship  3 hrs.
Integration of family and consumer sciences theory with applications in the workplace. Prerequisites: family and consumer sciences major; consent of department chair.

FCS 461  Practicum in Foods and Nutrition  3 hrs.
Selected practicum experience within a foods and/or nutrition related workplace. Prerequisites: family and consumer sciences major; consent of department chair.

FCS 536  The World of Fashion  2-6 hrs.
Intensified study in a major fashion market: merchandising, public relations, advertising, and career opportunities. May be repeated for a total of six hours. Prerequisites: 10 hours in clothing and textiles; or consent of instructor.

FCS 585  Topics in Family & Consumer Sciences  1-6 hrs.
Topics of special interest which may vary each time course is offered. Topic stated in current Schedule of Classes. Prerequisite: senior or graduate standing, and consent of instructor.
